## 2024 DUST CONTROL

The Rural Municipality of Lakeshore is prepared to co-ordinate Dust Control for residents of the municipality. Should you wish to obtain Dust Control, please contact the Rural Municipality of Lakeshore to obtain a Request for Dust Control Form.

- Site (16 ft. wide by 200 ft. long) - \$350.00 (add \$175.00 per each additional 100 feet) or \$1.75 per foot
- Site must be staked out by applicant.
- Date of application will be third week of June weather permitting.

**Ratepayers/groups must adhere to the minimum measurements set by the approved supplier (i.e. 200 feet by 16 feet continuous road section) to have the dust control applied. Grouping of smaller sections to meet this requirement is allowed and encouraged. A designated contact for the ratepayer group is required in this circumstance.**

- Request for dust control application form to be signed and submitted with payment **no later than June 3rd, 2024**. Submissions can be sent to [info@rmoflakeshore.ca](mailto:info@rmoflakeshore.ca)

**\*\*Ratepayers applying *their own* dust control must adhere to and be advised of the following deadlines\*\***

**June 3rd** – Deadline to advise the Municipality of their intention to apply dust control for the current year. **No submissions will be accepted after this deadline therefore site will not have the proper preparation and will be bladed accordingly and/or gravel applied over dust control product for the season. No exceptions.**

June 21st – The Municipality will ensure that the sites submitted by the June 3<sup>rd</sup> deadline will be prepared accordingly, dependent on proper weather conditions.

October 1st – The Municipality will resume regular maintenance of the roadway and blading of sites will occur in order to prepare for fall.
